Enjoy Some Winter Sun In The South Of Tenerife

We are returning to the popular Iberostar Torviscas Playa Hotel, Costa Adeje, which is situated on the promenade close to the beach, restaurants, bars and shops.

The majority of the en-suite bedrooms have recently been refurbished, all have hairdryer, telephone, television, balcony or terrace, mini bar and safe (payable locally). Meals in the main restaurant are buffet style with themed evenings, snacks are available at the poolside bar and you can relax with a drink in the Lobby Bar.

The hotel has three open-air swimming pools, gym, tennis courts, archery, badminton, billiards and table tennis, health and beauty centre (treatments payable locally),

When not playing bridge why not explore Tenerife's variety of attractions? Visit the volcanic landscape of Parque Nacional de las Canadas del Teide and take a cable car ride to the top of Spain's highest mountain, or the lush Orotava Valley with its banana plantations and charming town where you will find the "House of Balconies". From Puerto Colon marina you can take a boat trip to watch for dolphins and whales.

The inclusive cost of this holiday based on sharing a twin room on half board basis, flights, airport transfers, welcome cocktail party, farewell drinks, Masterpoints, bridge, the services of a highly qualified director and the Mercian team is:
